

## Oligo Software Price List

MBI offers a 30 days money back guarantee.

We provide OLIGO packages only through Internet. There is no web software interface: you simply download the entire software and use it without any Internet connection. After receiving the order we will contact you by e-mail with the installation instructions, so your PO form must include the final user or IT manager e-mail address. There is no time restricting contract in technical support or using the software.
